

**AMENDMENTS TO THE DRAWINGS:**

The attached sheet of drawings include changes to Fig. 3. Please substitute the enclosed sheet of drawing for the drawing originally filed. The submitted drawings have been revised as required by the Examiner, to illustrate matter claimed and described in the specification as originally filed. The supplemental drawing does not contain new matter, but merely illustrates the amply described Applicant's prior structures (see for example U.S. Patent Nos. 3,804,294 Fig. 2; and 3,783,986 Fig. 2 cited by the Examiner). The drawing has also been revised to provide cleaner numbers and letters, without adding any new matter. The supplemental material is shown in red in the attached sketch.
